

that actually talks about paying off the Federal debt, instead of how we are going to stop borrowing this money. What a changed country this is.

We as the American people should start having optimistic visions of the future again for our children. Growth, opportunities, our kids are going to have opportunities in America just like we did to start from scratch and build a company from the ground up, or do what they want to do in this society. Those opportunities will once again be there because instead of passing them an ever growing debt, instead of giving them a legacy of virtual bankruptcy, we are now in a position to talk seriously about repaying the debt, passing the Nation on to our children debt-free, restoring Social Security for our senior citizens, and additional tax cuts for people in the work force today.

That is what this is all about, and I sincerely hope that is what my service to this country is all about, because it is a worthwhile endeavor if we reach those goals.
